

## How could design be the bridge between the cardiovascular domain & smart technologies?

When: 31 October, 09:30-13:00

Where: **Wim Crouwel Room**

Organiser: **CardioLab** (<https://delftdesignlabs.org/cardiolab/>)

Sign-up via <https://tinyurl.com/cardiolab-event>

### Programme

- Introduction by **Dr. ir. Maaïke Kleinsmann (Director of CardioLab)** and **ir. Ruud van Heur (Coordinator of CardioLab)**.
- Keynote by **Dr. Natasja de Groot, MD, PhD (Cardiologist-electrophysiologist, Erasmus MC Rotterdam)**, who will provide a medical perspective on smart technologies, data and design.
- Keynote by **Prof. dr. Gerd Kortuem (Professor of Internet of Things, TU Delft)**, who will give a technological perspective on collecting and using data in design processes.
- Panel discussion
